

# Welcome

Hello and welcome to the B. W. Bastian Foundation website. On the following web pages, you should easily be able to access all of the pertinent information about the B. W. Bastian Foundation, as well as apply for funding without ever printing or mailing a page. We are GREEN, thus **weo longer accept paper requests!** Unless you are receiving a check, we will only respond via email and/or telephone. Additional items absolutely necessary to the application can be mailed to us, but please let us know they are coming.

We hope that you find our webpages easy to navigate, and all of the necessary tools at your fingertips. Please don't hesitate to contact me should you have any questions or comments. I look forward to hearing from you!

**IMPORTANT NOTE: We are making subtle but important changes to our grant making. Please keep up to date on all of these changes, as they may affect you. Also, we are no longer accepting non solicited grant requests, so you must enquire with me prior to any grant submission.**
